

We join differently

## Typical EMPT Industrial Applications: cables and tube connections

### Joining of tubes with different Materials

**Applications:**

Tube connections, cables

**Materials:**

Steel, Aluminum, Plastic, Copper

**Machine type:**

PS32, PS48, PS64 and PS80

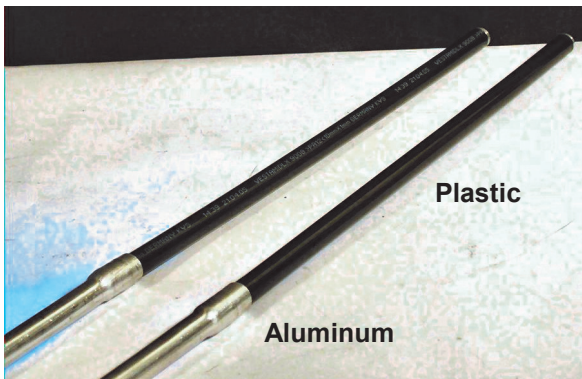

**Customers:**

Manufacturer of white goods, Automotive Supplier  
Electrical Industry

**Benefits:**

significant cost reduction, multiple material mix,  
no heat input, no operator training required,

### HVAC tube connection

### High current cable crimping

Copper / Copper
